

Watering

(Flooded batteries only)

Water should only be added after fully charging the battery. Prior to charging, there should be enough water to cover the plates. If the battery has been discharged (partially or fully), the water level should also be above the plates.

Important things to remember:

1. Do not allow plates to be exposed to air.
2. Do not fill the water all the way up to the cap.
3. Do not use water with a high mineral content.
4. Use only distilled or deionized water.

CAUTION: The electrolyte is a solution of acid and water, so skin contact should be avoided.

Procedure:

1. Remove the vent caps and check the electrolyte level; the minimum level is to the top of the plates.
2. If there is no electrolyte visible, add just enough water to cover the plates.
3. Replace and tighten all water vent caps.
4. Put batteries on a complete charge before adding any more water.
(See Charging section.)
5. Once charging is completed, remove the vent caps and check the electrolyte level.

High Performance Golf Cart Batteries

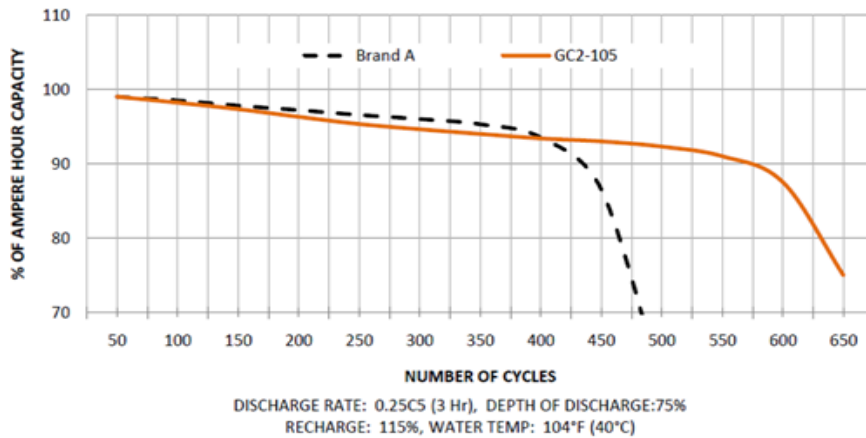

Modern Battery Solutions 714-248-9288

THE LONGER LIFE DEEP CYCLE BATTERIES

UP TO 25% LONGER CYCLE LIFE

Testing in accordance with the SBA8002 Life Cycle test. The GC2-105 exceeds **625** cycles.

NORMALIZED LAB DATA

Today's Golf Courses, Commercial and Personal Electric Vehicles demand high performance. Batteries must not only meet runtime requirements, they have to provide long term dependability and reliability.

The GC6-105, GC8-875, GC12-1275, Deep Cycle Batteries bring it back to the basics. No fancy trademarks or exotic alloys. Only time tested technology backed by Proven Engineering and Performance without the inflated prices.

Specifications							
Model	Voltage	Reserve Capacity			AMP HOUR @ 20 HR	AMP HOUR @ 5 HR	Weight
		Reserve Capacity Runtime Minutes @ 25 Amps	Runtime Minutes @ 56 Amps	Reserve Capacity Runtime Minutes @ 75 Amps			
GC-105	6 Volt	447	115		225	185	63.5 lbs
GC-875	8 Volt	295	117	*	170	145	64.5 lbs
CG12-1275	12 Volt	280	102	*	150	120	82.5 lbs

We offer Monthly and Bi-Monthly Golf Cart Battery & Maintenance Services to Laguna Woods Residents Only
\$35.00 Monthly visits and \$45.00 per Bi-Monthly Visits, and \$55.00 for Quarterly Visits
