

Limited Warranty Policy

Modern Battery Solutions warrants that your new battery set is free of defects in material and workmanship for the duration of the warranty periods listed for your battery. If a battery in your new set fails due to a battery-manufacturing defect during the Free Replacement Period (New Battery Sets Only), you may obtain a single one-time free replacement battery during the 12-month free replacement period. If your new battery set, incomplete battery set, or single battery, was purchased at a "Discounted Rate" or was purchased with a 30 day Used Battery Limited Warranty Period and fails due to a battery-manufacturing defect during that Discount Period, you may purchase a replacement battery at a discounted price from Modern Battery Solutions' current listed "Regular Price." If your battery has a limited warranty and/or was purchased at a discounted price, and fails due to a manufacturer's defect, then the cost of the defective battery only will be replaced at the pro-rated cost determined by the unused months remaining in the limited warranty period. If one or more batteries fail due to a maintenance or faulty wiring issue, the warranty on the entire set of batteries is or will be immediately null and void and not eligible for a refund of any kind. Incidentally, your limited warranty and/or free replacement warranty does not cover any batteries that have sat idle and unused for more than 7 days, self-discharged, degraded or damaged due to acid stratification, or that became damaged due to overuse, abuse, neglect, misuse, fire, accident, collision, explosion, freezing, theft, overcharging, undercharging, alteration, improper installation, use of special additives or devices not purchased from Modern Battery Solutions, unauthorized attempts to repair, or failure to keep the battery (ies) properly maintained according to the International Battery Council standards. Modern Battery Solutions **will not be liable for any punitive, consequential, or incidental damages**, such as the cost of installation, towing, electrical system tests, charging a battery, rental vehicles, labor, loss of time, loss of use of a vehicle, lost profits, or damage to property due to a battery or batteries that were damaged by but not limited to the issues mentioned herein that are not covered under the manufacturer's warranty. Modern Battery Solutions **will not be liable for any punitive, consequential, or incidental damages** caused by any battery that is not in its legally owned possession. Your signature on your invoice releases, indemnifies and holds harmless, Modern Battery Solutions, its contractors, sub-contractors, employees, agents, representatives, officers, and any affiliates **for any punitive, consequential, or incidental damages entirely**. This limited warranty controls all warranty claims. Modern Battery Solutions makes no other express warranties.

California Proposition 65 Warning: Batteries, battery posts, terminals and related accessories contain lead and lead compounds, and other chemicals known to the State of California to cause cancer, birth defects and reproductive harm.

Wash hands after handling!
